About Us

Our Experienced Team Are Here to Help Support You With Business Growth, Increase Productivity and Facilitate Change

Brook offer a sounding board for new ideas, challenge the thoughts of your organisation's decision makers and help develop skill sets while managing your projects with us via our dedicated Business Support Team.

Our Business Support Team and Associate Consultants provide the knowledge and skills you may not have within your operation, providing bespoke solutions to consultancy and training requirements.

- We have supported local businesses by providing bespoke consultancy and training solutions.
- We bring awareness on what works and provide Project Management assistance via our experienced Business Support Team.
- We offer more accessible services by helping local businesses with financial support towards our programme's costs through our many funding partners.

Dom Brook – Managing Director

Dom guides the growth of Brook, ensuring that it continues its expansion to provide business support solutions to organisations across the region, maintaining high levels of client satisfaction rates that Brook is renowned for. Dom also leads the business support team, initially as the first point of contact with businesses seeking support to design and implement their project support package with Brook's associate consultants

Email: dom.brook@brookconsult.co.uk

Andrew Armstrong – Strategic Director

With an impressive background within Advanced Manufacturing and Programme Management, Andrew leads on the Strategic Development of Brooks Programme Management landscape. Andrew helps to secure and implement high value contracts both inside and out of the South Yorkshire region. He also supports as a Development Consultant to Brooks Manufacturing clients on the Made Smarter programme, supporting with Industry4.0 adoption.

Our Services

BrookConsult operates a multi-disciplinary approach, addressing issues affecting businesses, helping clients meet challenges and respond to opportunities. Below are the consultancy services we offer.

Our consultancy and business support initiatives provide dynamic solutions to meet the development requirements of business, providing highly effective results and enhancing the performance of people we contribute to business success. The solutions we provide are customised to bring about measurable impact on business performance and value for money. We adopt a practical approach focussed on an understanding of the issues and challenges facing the business with solutions that are measurable, realistic, and achievable. Brook specialise in the following areas:

Productivity

In the changing world of business, productivity is essential for success. We firmly believe that productivity isn't just about doing more, it's about working better and smarter. With a deep rooted understanding of business productivity, our team of Associates help you navigate challenges and harness the opportunities ahead. We are dedicated to providing your business with innovative and tailored solutions that will elevate your productivity via technology integration, process improvement and waste reduction.

People

We understand that talent is the most valuable asset. Investing in the growth and development of your people is essential for success. We are committed to providing your business with the most up to date training and people development solutions to create a culture of continuous learning and development to enhance your employees' capabilities and drive organisation success via our many bespoke training programmes.

Growth

In the fast-paced world of business, growth isn't just a goal it's a strategic direction. We work with you to unlock the full potential of your organisation and help your end goals become a reality. With a deep understanding of the pillars to business growth, our team of Associates bring an external view point to the table to help you navigate the ever-changing business landscape. We are dedicated to providing you with the strategies, insights, and solutions needed to drive sustainable growth and stay ahead of the competition in a number of different solution areas.

Productivity

Digital Manufacturing

Helping manufacturers adopt and implement Digital Technologies to Support Productivity and Automation.

Lean and Continuous Improvement

Helping your operation eliminate non-value-added activities while maximising the full potential of your people and processes.

People

Leadership and Management

Our leadership and management training helps identify, develop new skills and retain future leaders who know how to motivate and coach your team to maximise your business processes.

Lean Manufacturing

Your dedicated Lean trainer will provide your people with all the necessary tools and techniques to eliminate non-value added activities, reduce waste, save money and, more importantly, efficiently execute your business strategies.

Six Sigma

Brook specialist trainers provide specialist Six Sigma Certification training and consulting for businesses.

Internal Auditing

Our team of specialist ISO consultants work with your business to help you achieve ISO certifications.

Growth

Innovation

Helping businesses achieve greater benefits from innovating products, services or processes.

HR Services

Brook's team of HR Consultants work with your business to help you to improve your HR strategy, generating a HR function tailored to the requirements of your business.

ISO Systems

Our team of specialist ISO consultants work with your business to help you achieve ISO certifications.

Strategic Support

Our consultants will help you establish a strategic growth plan to help your business succeed.

Partnerships

Our Valued Partnerships

We are proud to work with key organisations to provide easy to access funding schemes that help businesses reduce costs on their business improvement projects with us.

We work in partnership with a number of local and national providers to deliver direct and sub contracted programmes, bridging the gap to ensure easy access for our clients across multiple sectors. Brook has an established and dedicated team to develop and manage our portfolio of partnerships, with proven expertise to access funding and collaboration bodies.

Testimonials

Our Valued Clients

Woodcock & Wilson Ltd

“The professional training and guidance that we received surpassed all our expectations and were on a different and superior level to other consultants that I have dealt with over the years.”

Vanshades Ltd

“Brook helped us to improve our systems and procedures across the board. They helped us create a fair and transparent HR policy which is a must have in the best interests of our employees and the business...”

Wolf Components Ltd

“It has been an insightful look into the lean manufacturing and development of my leadership skill and management. The course has been very useful and I will be implementing many of the ideas into Wolf’s production and processes.”

Craftwork Upholstery Ltd

“The work done has started the process for getting bills of material and raw material stock back onto a system. This will enable the business to generate a push pull with real time data that will help streamline production and cashflow.”

Involution

“Brook kept us on track and brought valuable, independent views into the discussion that would either not have been considered, or glossed over. The program allowed us to make our end output 50% better compared to no assistance.”
